Overview

This is a randomly generated maze game. The objective is to collect all 9 Christmas ornaments spread randomly throughout the level. You can see how many you've collected so far and how long its taken you in the bottom left corner of the screen.

How to Run

CD into the file directory and type "make maze" to make the executable. To run the game type "./maze" or double click on the generated executable file. Please allow the game a moment to launch once opened.

Controls

WASD moves the character

C switches characters
